Dear Sir:

This Communication accompanies the Terminal Disclaimer filed in connection with the above-referenced patent application.

In a teleconference between Examiner Spector and Thomas J. Kowalski on March 12, 2007, an Examiner's Amendment and a Terminal Disclaimer were proposed to put the application in condition for allowance. The proposed Examiner's Amendment is acceptable to Applicants and Applicants' attorneys with the understanding that the proposed Examiner's Amendment is presented without admission, without prejudice, without surrender of subject matter, without any intention of creating any estoppel as to equivalents and that it is not a narrowing amendment.

No fee is believed to be due for this Communication. The Commissioner is hereby authorized to charge any additional required fee for this paper, or to credit any overpayment in fees, to Deposit Account No. 50-0320.

Respectfully submitted,
